

Sea Level CCI Project- Selection meeting

May, 2th - 4th 2012, Toulouse

Agenda of Selection Meeting

In Toulouse (France) from Wednesday 2th to Friday 4th, May 2012

at Observatoire Midi-Pyrénées / LEGOS (14, avenue Edouard Belin, 31400 Toulouse, France)

Wednesday 02th, May 2012 - Afternoon		
Introduction (13:30-16:00)		
13:30	Meeting Objectives and Sea-level CCI project overview	<i>G. Larnicol & Y. Faugere</i>
14:00	Overview of the CCI project (All variables): Objectives & Status	<i>J. Benveniste</i>
14:30	Sea-Level scientific issues for climate studies and applications	<i>A. Cazenave</i>
15:00	Methodology to estimate the quality of new algorithms	<i>M. Ablain</i>
<i>Coffee break: 15:30-16h00</i>		
Selection of orbit solutions (16h00-17h00)		
16:00	Presentation of validation report Recommendations of Sea-Level CCI project	<i>S. Rudenko & M.Ablain</i>
17:00	Discussion and open issues Recommendations of expert team	<i>Expert team</i>
Selection of Ionospheric correction (17h00-17h45)		
17:00	Presentation of validation report Recommendations of Sea-Level CCI project	<i>Y.Faugere</i>
17:30	Discussion and open issues Recommendations of expert team	<i>Expert team</i>
<i>Cocktail: 18h-19h</i>		

Thursday 03th, May 2012 - Morning		
Selection of instrumental altimeter algorithms (9:00-10:00)		
9:00	Presentation of validation report Recommendations of Sea-Level CCI project	<i>P.Thibaut & M.Roca</i>
9:30	Discussion and open issues Recommendations of expert team	<i>Expert team</i>
Selection of Sea State Bias correction (10:00-11:00)		
10:00	Presentation of validation report Recommendations of Sea-Level CCI project	<i>N.Tran</i>
10:30	Discussion and open issues Recommendations of expert team	<i>Expert team</i>
<i>Coffee break: 11:00-11h30</i>		
Selection of model and radiometer wet tropospheric algorithms (11h30-12h30)		
11:30	Presentation of validation report Recommendations of Sea-Level CCI project	<i>E.Obligis & J.Fernandes</i>
12:00	Discussion and open issues Recommendations of expert team	<i>Expert team</i>
<i>Lunch: 12:30-14:00</i>		

Sea Level CCI Project- Selection meeting

May, 2th - 4th 2012, Toulouse

Thursday 03th, May 2012 - Afternoon		
Selection of atmospheric corrections (14:00-15:00)		
14:00	Presentation of validation report Recommendations of Sea-Level CCI project	<i>L. Carrere</i>
14:30	Discussion and open issues Recommendations of expert team	<i>Expert team</i>
Selection of merging algorithms - Part I (15:00-16:00)		
15:00	Presentation of validation report (Regional SSH Bias) Recommendations of Sea-Level CCI project	<i>M.Ablain</i>
<i>Coffee break: 15h30 -16h00</i>		
Selection of merging algorithms - Part II (16h00-17h30)		
16:00	Presentation of validation report (Impact of constellation) Recommendations of Sea-Level CCI project	<i>Y.Faugere</i>
16:30	Presentation of validation report (Mapping methods) Recommendations of Sea-Level CCI project	<i>I.Pujol</i>
17:00	Discussion and open issues Recommendations of expert team	<i>Expert team</i>
<i>Dinner in Toulouse from 19:00</i>		

Friday 04th, May 2012 - Morning		
Selection of ocean tidal corrections (8:30-9:30)		
8:30	Presentation of validation report Recommendations of Sea-Level CCI project	<i>L. Carrere & F. Lyard</i>
9:00	Discussion and open issues Recommendations of expert team	<i>Expert team</i>
High latitudes areas (9:30-10:00)		
9:30	Discussion and open issues Recommendations of expert team	<i>O. Andersen & Expert team</i>
Coastal areas (10:00-10:30)		
10:00	Discussion and open issues Recommendations of expert team	<i>S.Vignudelli -& Expert team</i>
<i>Coffee break: 10:30 -11:00</i>		
Conclusions and final recommendations (11:00-12:30)		<i>D. Stammer & G. Larnicol</i>
<i>End of the Selection meeting (12:30).</i>
